Daylight Energy Subscription or Cash Purchase
Which is right for you?

LET'S BREAK IT DOWN

	DAYLIGHT ENERGY SUBSCRIPTION	CASH PURCHASE
UPFRONT COST	No upfront system cost	Payment required upfront
BATTERY BACKUP	Included	Optional add-On
SYSTEM OWNERSHIP	Buy-out option after 5 years	You own it
MAINTENANCE & REPAIRS	Daylight covers & coordinates	You're responsible
PERFORMANCE MONITORING	Fully integrated energy monitoring with Daylight iOS	Fragmented by equipment configuration
OWNERSHIP FLEXIBILITY	Easily transferable if you sell your home	You own it, resale depends on buyer

WHY DAYLIGHT ENERGY SUBSCRIPTIONS WORK FOR MANY HOMEOWNERS

- Get started with no upfront costs for equipment or installation
- Professional installation, monitoring, and support included
- Daylight covers all repairs outlined in your agreement
- Battery back-up included

WHEN A CASH PURCHASE MAKES SENSE

- You want full ownership and control
- You're prepared to manage and maintain your system
- You prefer to pay for the system, the installation, and the service

Daylight makes energy simple, with savings upfront, battery protection built in, and rewards for supporting the network.
